Dear Ms. Fox and Mr. Johnson:

Thank you for your kind words of support for our staff and the success of the safety and resurfacing project on SR-444 in Tellico Village/Loudon County. It is a key responsibility of TDOT to assist local governments and communities to deliver transportation projects that meet the needs of our stakeholders. However, this process is most successful when we have engaged members of the community that volunteer their time and efforts to communicate those needs. Our staff has often complimented the members of the liaison committee for their valuable insights, ideas, and solution oriented team approach to the project. This process has been a great example of government and communities working together to achieve solutions for our transportation system.

Again, we appreciate you taking the time to send us your positive comments.

Sincerely,
