Your Voice in the Village

### July 2022 - President's Message:

Father's Day. Mother's Day. Memorial Day. Independence Day. All of these holidays and many others have one thing in common – family. Holidays, along with anniversaries and birthdays, are a time when families get together to share activities and spend time together. Time with family is a celebration with fun, food, and creation of great memories. Even if your uncle is a little crazy or the great-aunt is crabby, spending the time together is important and memorable.

Tellico Village is also our family. Some of us may be a little crazy or crabby, but we're all still part of the Tellico Village family. Participating in events and activities creates shared memories. Our sharing of life experiences enables us to support each other and helps us to be successful and happy in life. That said, if you choose to not get involved, that's your choice,

but then we're all missing out on your being part of the family that we call Tellico Village. I'd like to encourage everyone to stay involved and participate in activities that you care about. This benefits not only yourself but also your other Tellico Village family members.

Our June HOA Social was on Flay Day, June 14. Smoky Mountain Service Dogs were there to demonstrate their program. We learned that their primary need is for people to raise puppies for the program! Also, the VFW provided an important demonstration on how to fold a US Flag. The flag, which had been flown over the US Capital, was then given away to a lucky attendee. The HOA portion of the 50/50 prize was donated to .....

## TICK ISSUES IN TELLICO VILLAGE

**By: Jim Hawkey A&E Committee Chair**

I have been asked to share information I have accumulated that addresses the Tick Issue in Tellico Village related to yard treatment approaches.

I am not an expert on Ticks. Like many issues it is more complex the more you learn about the issue.

First, do your own research by looking for Tick control in yards and on animals. Everyone has a unique set of circumstances at your home, that only you can determine what approach works for you. Remember that most internet sites are trying to sell you a product or a service.

What habitats do Ticks prefer?

## 2023 Property Owners Association (POA) Budget Planning

The 2023 POA budget planning process will soon get underway. The complete process takes several months and numerous inputs from different sources, but the outcomes are important to all of us. Now is the time to become educated on the process, the timelines, inputs, and outcomes. How do residents educate themselves on this process and get involved? The POA's website currently has 13 articles related to the 2022 budget process. This is a great resource for educating residents on the process, but to get involved, you need to do more. Residents should attend or review POA Board meetings once the 2023 budget process begins. As information is finalized throughout the process, it will be posted on the POA's [Finance Department's website](#), replacing the 2022 content. Get involved sooner. Not later. **NOTE:** You must log into the POA's website to view the info provided above. Log in at <https://www.tellicovillagepoa.org>.

## Good Shephard Fund Raiser

Beginning in June and running through August, there will be a focus on raising funds to assist the Good Shepherd Center, every resident and business in Monroe County will receive a direct appeal to help our neighbors who are in need. In the personal letter the Center has described how the funds will be used and how they will impact the lives of your neighbors and friends.

Click [here](#) to learn how your contributions to Good Shephard will help to support community residents in need.
